

Distinctions Series™

Louisville • V-Groove Backing • Dark Cedar

Undeniable Beauty Meets the Strength of Steel

Our doors are handcrafted by overlaying steel sections with environmentally-friendly composite material, providing you the natural beauty of real wood without any of the maintenance.

Cambridge • V-Groove Backing • Mahogany

Give your home an upscale, timeless look knowing your investment virtually pays for itself. No other home remodeling project delivers better value. These beautiful doors are built to last and are a smart and stylish investment that you will enjoy for years to come!

High End Wood Look Without The Maintenance

No matter the design, all of our overlays are impervious to moisture, mold and mildew because they are built with environmentally friendly composite materials that provide the beauty of naturally stained wood. Because we do not use wood to build our door designs, we are able to provide a termite-resistant door that won't crack, warp, split, or rot.

Energy Efficient Door Base

Underneath our overlays is a sturdy and durable NeuFoam™ insulated steel door base. NeuFoam™ insulation will guard your garage against hot and cold temperatures. Our unique WeatherLock™ section joint prevents any water from coming into your garage. Combining our high performing overlay boards with a long lasting steel door base allows us to create a superior product.

Providence • V-Groove • Walnut

Hampton • V-Groove Backing • Light Cherry • Window H

Pick Your *Stain Finish*

Unique finishing techniques allow us to offer our doors in a variety of traditional wood colors. Finish off your authentic look by choosing an overlay in smooth or woodgrain textures.

Smooth Board Texture

Woodgrain Board Texture

*Stain colors shown are for reference only and are not indicative of what the final production color will be. As with all hand stained finishes, slight variations in color and consistency can occur. Backing and overlays are finished in the same color. Ask your authorized Raynor dealer to see samples of actual stain options available.

Pick Your *Window*

All of our windows are custom built for a one of a kind look.

WeatherLock™

Raynor's thermally efficient WeatherLock system is designed for the harshest climates. Our proprietary WeatherLock™ section joint has continuous thermal break and air seal between steel sections. This modified tongue-in-groove joint provides exceptional strength, while effectively locking out both air and water infiltration into the garage's interior.

NeuFoam™

State of the art high-density NeuFoam™ polyurethane insulation delivers maximum structural integrity and door strength. Combine our state of the art insulation material with our proprietary WeatherLock™ section joint design, and you get the industry's most energy efficient door.

TruBalance™

Doors equipped with our patent-pending TruBalance drum system are 87% easier to operate manually and provide you with a peace of mind knowing you can safely and easily manually operate your garage door in emergency situations. This counter balance system comes standard on doors up to 8' high with oversized windows in the top section.

SecureLoc™

Raynor's SecureLoc Anti-Break-In assurance plan combines a SecureLoc capable opener with the strength of a Raynor residential garage door that locks automatically when the door closes. Have peace-of-mind knowing that your garage is protected from intruders with SecureLoc! For more information, visit www.Raynor.com/SecureLoc.

Authorized Dealer Network

When you select Raynor, you're not just getting a superior garage door, you are also getting professional garage door installation and service expertise. Trust your Raynor garage door to someone who knows it better than anyone else, your professional Raynor Dealer.

Limited Lifetime Warranty

Dedicated to customer satisfaction, Raynor doors carry a "For as Long as You Own Your Home" limited section warranty against rust. Upgrade your hardware and spring components to the EnduraCote™ option which warrants all hardware and spring components against defects in material and workmanship for as long as you own your home.

Pick Your Opener

Raynor's full line of residential openers offer a broad selection of performance, features and durability. All models offer the ultimate in safety and security features, are available in a variety of horsepower levels and drive systems, as well as wall mounted jackshaft operators and battery backup systems. MyQ™ technology enables you to securely monitor and control your garage door opener with your smart phone, tablet or computer.
